8.03 Game Rules:

8.03.A A flip of a coin between the two managers will determine the home team before each game in pool play. In bracket play, the highest seed team will be home team, except for the championship and "IF" games.

8.03.B In World Series or Nationals play, time limits may be used for pool-play and consolation brackets, if approved by the Vice President of USSSA Baseball.

8.03.C Age divisions 12U and below shall play 6 inning games. Age divisions 13U and above shall play 7 inning games.

8.03.D A team may continue a game with one less player than it started with, whenever a player leaves the game for any reason. It takes nine players to start a game.

8.03.D.1 If the player leaving the game is a runner, he shall be declared out.

8.03.D.2 When the player who has left the game is scheduled to bat, an out shall be declared for each turn at bat.

8.03.D.3 The player who has left the game cannot return to the lineup, except for Communicable Disease Procedure reasons.

8.03.E Mercy Rule:

<u>Length of Game</u>	<u>Run Differential</u>	<u>Start Inning</u>
6 Innings	15	3 rd Inning
6 Innings	8	4 th Inning
7 Innings	15	3 rd Inning
7 Innings	12	4 th Inning
7 Innings	8	5 th Inning

NOTE: In enforcing these rules, the home team shall not bat if they are winning and the mercy requirement is met prior to the bottom half of the listed inning.

8.03.F Whenever a tag play is evident, runners must slide or seek to avoid contact with the fielder. Malicious contact shall supersede all obstruction penalties.

PENALTY: Runner shall be declared out and may be ejected from the game at the umpire's discretion.

NOTE: When enforcing this rule, the umpire should judge the runner's intent. If the umpire feels that the contact was unintentional, then the runner should only be declared out. If the umpire feels that the contact was intentional and / or malicious, then the runner should be declared out and ejected.

8.03.G At any time, the team at bat may use a courtesy runner for the pitcher and catcher of record the previous time on defense. The courtesy runner

must be someone not presently in the lineup and may appear as a courtesy runner one time per inning. The re-entry status of the courtesy runner, pitcher, and catcher, shall not be affected by this rule. If a courtesy runner is determined to be ineligible, a proper replacement (if available) will be substituted.

8.03.H In age divisions 12U and younger an intentional walk may take place by announcement from the catcher or pitcher.

8.03.I In all age divisions starting players may re-enter once, but must re-enter in their original position in the batting order. Non-starters are not allowed to re-enter. When a starter re-enters, the player in the starter's batting position in the batting order must be removed from the game and is ineligible for the remainder of the game.

8.03.J In all age divisions, an Extra Hitter (EH) will be allowed. This will give a team a ten (10) player line-up that must be declared before the start of the game and used the remainder of the game. The player in the EH position, while not actually playing a defensive position, will be treated as such for substitution purposes. The re-entry rule applies for the EH.

A.R.1. – Baker is the EH and batting 2nd. Charles is the catcher and batting 3rd. Baker can become the catcher and Charles the EH. Both players would remain in their original batting position in the batting order.

A.R.2. – All players can move freely in defensive positions – the EH is considered a defensive position.

8.03.K In age groups 15U and above, if the Extra Hitter is not be utilized, then the Designated Hitter (DH) may be utilized in accordance with the National Federation of High School Associations' baseball rules.

8.03.K.1 A DH may be (not mandatory) designated for any one starting player (not just pitchers) and all subsequent substitutes for that player in the game.

8.03.K.2 A starting defensive player cannot be listed as the DH in the starting lineup.

8.03.K.3 A DH for said player shall be selected prior to the start of the game, and his name shall be included on the lineup cards presented to the umpire-in-chief and to the official scorer.

8.03.K.4 Failure to declare a DH prior to the game precludes the use of a DH in the game.

8.03.K.5 If a pinch hitter or pinch runner for the DH is used, that player becomes the new DH.

8.03.K.6 The player who was the DH may re-enter as the DH under the re-entry rule.

8.03.K.7 A DH and the player for whom he is batting are locked into the batting order. No multiple substitutions may be made that will alter the batting order.

8.03.K.8 The role of the DH is terminated for the remainder of the game when:

8.03.K.8(a) The defensive player, or any previous defensive player for whom the DH batted, subsequently bats, pinch-hits, or runs for the DH;

8.03.K.8(b) The DH or any previous designated DH assumes a defensive position.

8.03.L If a game is called due to rain or other acts of God and cannot be resumed, it is a regulation game if:

8.03.L.1 In a Six Inning game, if three innings have been completed or if the home team has scored more runs in two and one-half innings than the visiting team has scored in three innings or if the home team scores one or more runs in its half of the third inning to tie the score.

8.03.L.2 In a Seven Inning game, if four innings have been completed or if the home team has scored more runs in three and one-half innings than the visiting team has scored in four complete innings or if the home team scores one or more runs in its half of the forth inning to tie the score.

8.03.L.3 All other games will resume from their exact point of delay.

8.03.M Pool-Play Tie Breaker Recommendations:

Once you advance to the next tiebreaker criteria, you do not return to the previous criteria. Runs are considered amongst all teams in the pool not just the tied teams.

8.03.M.1 Head to Head

8.03.M.2 Runs Allowed

8.03.M.3 Run Differential (Max +/- 8 Runs Per Game)

8.03.M.4 USSSA Point System

8.03.M.5 Coin Flip

8.04

Pitching:

NOTE: The end of the day for this pitching limitation rule is the time of day or night when the ballpark is shutdown and the teams go home for the night break. Games that either because of rain delay or otherwise, extend past midnight or start late at night past midnight and before the teams take the night break, will still count as though they are on the previous day's play. If the game continues after the night break (the next day), this part of the game will count as though it was the following day.

8.04.A Limitations:

8.04.A.1 Column A represents the number of innings a player can throw in one (1) day and still pitch the next day.

8.04.A.2 For purposes of this rule in the columns listed, a pitcher is in violation of this rule if he makes any appearance above the pitching limits.

8.04.A.3 For all cumulative totals in this rule, one (1) out equals one-third ($\frac{1}{3}$) of an inning, two (2) outs equal two-thirds ($\frac{2}{3}$) of an inning and three (3) outs equal a full inning.

8.04.A.4 In age divisions 12U and below, a player that pitches two (2) consecutive days must rest the third (3^{rd}) day regardless of the number of innings pitched.

8.04.A.5 Exceeding the maximum innings allowed in the case of a double or triple play will not be counted against the pitcher.

8.04.A.6 It is the responsibility of each team's manager to challenge pitching violations by notifying the umpire and then the Tournament Director.

8.04.A.7 Any innings pitched or outs recorded during a game that is forfeited shall count towards the pitchers' allotted innings.

PENALTY: Any violation of pitching limitations shall result in immediate forfeiture of the game. This may be done at any point after an illegal out has been made while the pitcher in violation is in the game and in the pitching position.

8.04.B Balks:

8.04.B.1 In age divisions 10U and below, pitchers will be allowed some leniency in regard to balks. Pitchers will be called for all major violations and warned for minor violations that do not affect the outcome of a play. In all other divisions, balks will be strictly enforced without warning.

8.04.C Trips (Visits) To the Mound:

8.04.C.1 When a team is charged with its second trip to the mound in the same inning to the same pitcher, the pitcher must be removed from the pitching position for the remainder of the

game. The pitcher may be moved to another defensive position.

8.04.D Pitching Chart:

8.04.D.1 Column A – The number in this column represents the most innings a pitcher can pitch in one (1) day and still pitch the next day.

Example: In the 10U division, a pitcher may throw up to four (4) innings in one (1) day and throw again the next day; but if that pitcher throws four and one-third (4 1/3) innings or more in one (1) day, he cannot pitch the next day.

8.04.D.2 Column B – The number in this column represents the most innings a pitcher can pitch in one (1) day.

Example: In the 10U division, a pitcher may throw a maximum of six (6) innings in one (1) day. The pitcher would not be allowed to pitch the next day.

8.04.D.3 Column C – The number in this column represents the most innings a pitcher can pitch in two (2) consecutive days.

Example: In the 10U division, a pitcher may throw a maximum of eight (8) innings in two (2) consecutive days.

NOTE: This is to be interpreted as a pitcher would be able to throw any combination of innings that equal eight (8) as long as the first (1st) day does not equal more than four (4) innings due to Column A requirements.
